</table>
Course Objectives
This laboratory treats chemistry as a quantitative science and seeks to develop a keen observational insight. The emphasis is upon sharp observation, lucid note taking and logical data analysis, statistics and data interpretation.

Meeting Times and Location
Leigh Hall 108
Mondays: periods 2-4 and 8-10
Fridays: periods 2-4 and 8-10

Grading
Grades will be determined from a point distribution as follows:
Eleven labs @ 50 pts each: 550
Two quizzes @ 100 pts each: 200
One conclusive exam @ 250 pts: 250
Total 1000 points

The lab grades will be based upon the organization, completeness and accuracy of the work contained in the lab notebooks. Normally you will turn in your lab notes at the next lab meeting, as a Xerox copy. The grading scale will be as follows:

900 - 1000 points A
880 – 899 points A-
860 – 879 points B+
800 – 859 points B
780 – 799 points B-
760 – 779 points C+
700 – 759 points C
680 – 699 points C-
660 – 679 points D+
600 – 659 points D
0 – 599 points E

See: https://catalog.ufl.edu/ugrad/current/regulations/info/grades.aspx for additional UF grades and grading policies.

Late Penalty: 5 points per day late, not accepted after one week.

Materials and Supplies Fee: $60.52

Instructor: Dr. Ben Smith
Offices: 264 Flint Annex, generally available for questions 8:00 - 5:00 T-Th
Official Office Hours: T-Th 4th period
Office appointments by email are also welcome
Phone: 392-0256
bwsmith@ufl.edu (e-mail is a great way to ask a question)
Graduate Teaching Assistants:

Mr. John Usala  
Office: to be announced  
E-mail: jusala@ufl.edu

Ms. Sofia Goodrich  
Office: to be announced  
E-mail: sg.goodrich@ufl.edu

Undergraduate Teaching Assistants:

Alexa Fagien  
Douglas Jarrard  
Alexander Refowich

Attendance and Make-up labs
Because of the instrumental nature of the experiments, it is difficult to schedule make up labs outside of the week in which the lab is taught. If you must miss a lab for good cause, you must inform Dr. Smith in advance (if possible) and arrange to attend another section of the laboratory in which the same experiment is being taught. With justification, there will be limited opportunity for make-up labs on Monday, November 20.

Visit the Lab Canvas e-learning website prior to your first class, download a copy of the first lab and read it. Be sure to show up with lab notebook, lab safety glasses, long pants and shoes covering your feet.

Students with Special Needs
If you have any physical or learning disabilities, or if you have any other special classroom needs, please make an appointment to see me so we can discuss how to best assist you.

Students requesting classroom accommodation must first register with the Dean of Students Office. The Dean of Students Office will provide documentation to the student who must then provide this documentation to the instructor when requesting accommodation.

Academic Honesty
When you completed the registration form at the University of Florida, you signed the following statement:
"I understand that the University of Florida expects its students to be honest in all their academic work. I agree to adhere to this commitment to academic honesty and understand that my failure to comply with this commitment may result in disciplinary action up to and including expulsion from the University."
Furthermore, on work submitted for credit, the following pledge is either required or implied: "On my honor, I have neither given nor received unauthorized aid in doing this assignment."
If you are aware of a climate that promotes academic dishonesty, please notify the instructor or contact the Student Honor Court (392-1631) or the Cheating Hotline (392-6999).
Course Evaluation
Students are expected to provide feedback on the quality of instruction in this course based on 10 criteria. These evaluations are conducted online at [https://evaluations.ufl.edu](https://evaluations.ufl.edu). Evaluations are typically open during the last two or three weeks of the semester, watch for emails.
