CHM1020 CHEMISTRY FOR THE LIBERAL ARTS
FALL 2019

INSTRUCTOR INFORMATION

Instructor | Email | Phone | Office Location & Hours
--- | --- | --- | ---
Mrs. Veige | Email in Canvas only (emails receive faster response than phone) | 392-0518 (emails preferred) | See the Syllabus page in Canvas for office hours; Office is JHH 103

TEACHING ASSISTANT

Office hours and locations for your TA will be posted on the Syllabus page in Canvas. You can seek help from any TA holding office hours in the Chemistry Learning Center (CLC), JHH 105. Broward Teaching Center offers free walk-in help at scheduled times for CHM1025/CHM2045 students that you may find useful. See their website for details. The Office of Academic Support also offers free tutoring.

GENERAL INFORMATION

PREREQUISITES

High school algebra.

MEETING TIMES

This is a 100% online course.

DESCRIPTION

CHM 1020 is a terminal chemistry course for non-science students that presents the basic concepts of chemistry and examines the role of chemistry in both consumer products and the environment. (P)

FIRST DAYS

Log into Canvas and access the course. You should check daily for new Announcements and/or emails containing important information and reminders. Click on the Syllabus tab to view all due dates for the entire semester. This will not change over the course of the semester. Click on Modules and read all of the information under the Settling In section. Many of your questions are answered in the Settling In section including: Which types of calculators are approved? What is ProctorU? Where do I do the homework? How do you get help? Can assignments be submitted late? What does the formula sheet for an exam look like? This syllabus document and the information in Settling In comprise the material for the Syllabus Quiz.

COURSE MATERIALS

TEXTBOOK
A significant portion of your grade stems from electronic homework (LearnSmart or the SmartBook assignments, both terms may be used) associated with an ebook (Chemistry in Context: Applying Chemistry to Society, 9th ed., McGraw-Hill). There are two options for purchasing access to homework/ebook: **Option 1:** consent to have the purchase price charged to your student account following the directions posted on the course homepage in Canvas; this is a time-limited option after which only **Option 2** is available. **Option 2:** purchase an access code for the materials at the UF Bookstore (at a slightly higher price).

This course is participating in UF All Access. Beginning the first day of the semester (not before that time) students can opt in to consent to have the purchase price charged to your student account. To opt in, navigate to: [https://www.bsd.ufl.edu/G1CO/IPay1f/start.aspx?TASK=INCLUDED](https://www.bsd.ufl.edu/G1CO/IPay1f/start.aspx?TASK=INCLUDED). You will be prompted to log in using Gatorlink credentials. Follow the prompt to authorize charges to your student account. The access code will then be provided. Copy the access code to your clipboard. In the Canvas course, click on the McGraw-Hill Connect tab in the left hand navigation menu of the course page. Provide the access code when prompted to do so. If you have any questions about the authorization process or refunds contact allaccess@bsd.ufl.edu.

A paperback version of the text is completely optional. The bookstore may stock paper versions of the text, or you can order one directly through the McGraw Hill website. A paper version is on reserve at the Marston Science Library for reference purposes.

See the course homepage in Canvas for detailed information about acquiring and redeeming the access code. You can begin immediately using a free trial, and purchase the access code during the first week or so of class.

**WEBCAM/MICROPHONE/SPEAKERS**

You are required to have a functioning webcam, microphone, and speakers for proctored exams. See the technical requirements at [www.proctoru.com](http://www.proctoru.com).

**COURSE TECHNOLOGY**

The student may require Adobe Acrobat Reader, Adobe Flash Player, Microsoft Silverlight and other software. You may wish to use Microsoft Excel or Word for written assignments. Free tutorials on many software applications can be found at Lynda.com. All UF students are expected to have reliable access to a computer, especially for an online course. ProctorU has specific hardware/software requirements: [http://www.proctoru.com/tech.php](http://www.proctoru.com/tech.php). Check the support page for McGraw-Hill for technical support using their platform: [http://www.mheducation.com/highered/platforms/connect/training-support-students.html](http://www.mheducation.com/highered/platforms/connect/training-support-students.html).

**COURSE COMMUNICATIONS**

**GENERAL QUESTIONS**

General course questions should be posted to the Discussion: Course Q&A in Canvas. The instructor/TA response time is 24 h during the work week (expect to wait until Monday for questions posted on a Friday).

I encourage you to post questions related to homework or end of chapter questions you’re working on to the Discussion board. The homework isn’t meant to be a test, it’s a learning tool. For the best response,
take a screenshot of your question and/or the solution you propose. The more information you provide, the easier it is for your instructor/TA/another student to help.

PRIVATE OR GRADE-RELATED QUESTIONS

Direct these to your instructor via the mail function in Canvas. Do not email outside of Canvas to your instructor’s external email address - we aren’t permitted to discuss grade related questions outside of Canvas. You will be asked to resend the query through Canvas.

COURSE POLICIES

QUIZZES

Sectional quizzes are delivered through the McGraw Hill platform. These quizzes are not proctored, but are timed, and are subject to the Honor Code. When you’re ready to begin, simply click the link. You will have three attempts at each quiz, with the highest score counting for credit. You can submit quizzes late, with a 20% penalty per day submitted late.

Since you have multiple attempts at each quiz, and all are open from the first day of term, you will need to take care that you are opening the correct quiz each time.

It may not be possible for us to open a quiz for review purposes if you do not open the quiz before the due date.

Pay close attention to the due date/time, which is set to 11:59 pm EST “McGraw Hill time”. This may differ slightly from the time on your computer/clock - ensure you begin well in advance of the due date/time or you may suffer a late penalty. There are no exceptions.

The one lowest quiz score is dropped from your final course grade.

EXAMS

Three progress exams are administered using the Quizzes tool in Canvas. These exams are remotely proctored by ProctorU. It is your responsibility to register with ProctorU and reserve an exam time on the available dates (Exam 1: Sept. 26th-28th; Exam 2: Oct. 30th-Nov. 1st; Exam 3: Dec. 4th-7th). To do so click on the ProctorU tab in Canvas. For each exam the last available reservation time (start time) with ProctorU is 7 pm EST on the final day for that exam.

Ensure that you are reserving for the correct course - there are examinations for similarly numbered courses in their system that may have different dates available and different passwords - the proctor will not be able to open your exam if you reserve in error. Errors in reserving are not valid excuses for missing an exam window; a 0 will be recorded in these instances.

If you fail to make a reservation sufficiently in advance (>72 h) a late fee may be assessed by ProctorU, and you may have difficulty obtaining a desirable time. Failure to reserve a time slot in advance is not an accepted excuse for a late exam.

If you encounter technical difficulties with ProctorU, contact ProctorU directly. If you have trouble navigating their reservation system, call them for assistance.
Practice exams are available in Canvas for you to familiarize yourself with quiz navigation in Canvas.

**EXAMINATION ROOMS ON CAMPUS**

Library West has proctoring booths available for reservation using their regular room reservation system. When you pick up the key at the circulation desk you will be asked to show your ProctorU testing confirmation. The rooms aren’t soundproofed. Additional information is provided at http://guides.uflib.ufl.edu/InfoCommons/proctoru. You don’t need to use one of these rooms, it is simply an option for you. If you do decide to book a room, keep in mind that there is lead time with ProctorU ahead of the 2 h exam, so budget for approximately 2 ½ h.

**QUIZ/EXAM QUESTION DISPUTES**

If you believe you have found an error on a quiz/exam or would like to dispute a question, the deadline for doing so is within one week of the assessment, and within 24 h of the due date of Exam 3 for Exam 3 disputes.

**EXAM ABSENCE POLICY**

Exam absences will be handled in accordance with official UF academic regulations. For more information, see https://catalog.ufl.edu/UGRD/academic-regulations/. See below for further clarification for two different types of situations.

(1) Conflicts with other events: this should not be rare, as CHM1025 proctored exams are available for scheduling over a number of days. You should plan accordingly. Such reasons may include religious holidays, military obligations, special curricular requirements (e.g., attending professional conferences), or participation in official UF-sanctioned activities such as athletic competitions, etc. For more information on such absences see the official UF Policy at https://catalog.ufl.edu/UGRD/academic-regulations/attendance-policies/#absencetext. If you must be absent for an exam due to a documented and approved conflict known in advance, you must e-mail your instructor (within Canvas) the documentation at least one week prior to the scheduled exam and an early conflict exam will be scheduled for you.

(2) Missing an exam due to an emergency or sudden illness: If you are absent for an exam due to an unpredicted documented medical reason or family emergency, you must contact the instructor as soon as possible, and you may be asked to have your excuse verified by the Dean of Students Office (DSO). Your instructor will follow UF academic regulations in evaluating the notification and/or documentation received from you or from the DSO on your behalf. Once your instructor is satisfied with the validity of your exam absence a make-up exam will be scheduled after a reasonable amount of time, i.e., before the end of the semester. If your documentation is deemed insufficient to excuse your absence you will receive a zero on the missed exam.

**LEARNSMART/SMARTBOOK**

Access the electronic homework directly from within Canvas. Each LearnSmart assignment is estimated to require approximately 45 min to complete and overs one chapter in its entirety. LearnSmart assignments are submitted as-is at their due dates/times. This is nonnegotiable. You will receive credit for whatever portion of the assignment you have completed by that time. You can review LearnSmart assignments for exam preparation if desired after the due date without affecting your recorded score.

The two lowest LearnSmart grades are dropped from your overall course grade.
DISCUSSIONS

The student is expected to contribute to threaded discussions according to the advertised timeline in Canvas. Bonus points for each discussion are available; the bonus points cannot be applied elsewhere in the course. You can submit quizzes late, with a 20% penalty per day submitted late. Ensure you post and comment prior to the due date to avoid the late penalty. Emailed submissions are not considered for credit.

For technical help with discussions contact the UF Help Desk or search the Canvas Guides.

The one lowest discussion grade is dropped from your overall course grade.

WORKSHEETS

Worksheet assignments complement the material covered in LearnSmart, the text, and the lecture videos. Each assignment must be submitted in Canvas as a .pdf document or it will not be considered for credit. Worksheets can be submitted late, with a late penalty of 20% per day submitted late, with the last possible date a worksheet can be submitted for any credit being the last day of term, 11:59 pm Dec. 4th. Note that if a worksheet is submitted even 1 s after the due date/time, the late penalty will apply. If you attempt to submit any assignment very close to the due date/time it may not be processed prior to the due date, so take heed.

For technical help submitting an assignment contact the UF Help Desk or see the Canvas guides.

Detailed grading rubrics for the worksheets are posted on the assignment pages in Canvas.

Worksheets are graded beginning the morning after their due date. Once a submission is graded it cannot be resubmitted/revised for regrading, so please verify you have submitted the document you’d like to be graded. We strive for a quick turnaround on grading/releasing answers so students will have time to review worked solutions prior to a quiz/exam.

Consider the grading/late policy carefully. If you submit an incomplete worksheet on time, you will earn at a maximum 50% of the worksheet grade. If you take an extra day to complete the worksheet in its entirety, you can earn up to 80% (100% - 20% for a day late submitting).

The two lowest worksheet grades are dropped from your overall course grade.

WRITTEN ASSIGNMENT

Over the duration of the course you will compile a journal consisting of recent news articles from online news sources. You should start working on your Journal assignment close to the start of the course.

Each assignment must be submitted properly in Canvas as a .pdf document prior to the due date/time or it will not be considered for credit. Each assignment can be turned in late, with a late penalty of 20% per day submitted late, with the last possible date to be completed for any credit being the last day of term, 11:59 pm Dec. 4th. Emailed submissions are ignored - ensure you submit your assignment and verify that it was submitted successfully. Ensure you have submitted the intended document. For tech help submitting an assignment contact the UF Help Desk or see the Canvas guides.
A detailed grading rubric is posted on the assignment page in Canvas. Bonus points are available for on time submissions.

**EXTENSIONS**

Extensions for assignments (exams are covered under the Exam Absence Policy) can be requested due to illness or emergent situations. You will be asked to have your situation verified by the Dean of Students Office before such an extension is considered. Information on requesting an excuse note can be found here: https://care.dso.ufl.edu/instructor-notifications/.

All assignments must be completed by the last day of term (Dec. 4).

**GRADING**

**GRADE POLICY**

There is no extra credit available for this course beyond the bonus points available for discussions and the written assignment, and the generous dropped assignment policy. Grades are not rounded at the end of term. Exam grades or course grades are not curved.

Assignments weights are as follows:

<table>
<thead>
<tr>
<th>Assignment Group</th>
<th>Weight %</th>
</tr>
</thead>
<tbody>
<tr>
<td>LearnSmart Assignments</td>
<td>20%</td>
</tr>
<tr>
<td>Written Assignment</td>
<td>5%</td>
</tr>
<tr>
<td>Discussions</td>
<td>2%</td>
</tr>
<tr>
<td>Proctored Exams (3 @ 14% each)</td>
<td>42%</td>
</tr>
<tr>
<td>Surveys and Syllabus Quizzes</td>
<td>3%</td>
</tr>
<tr>
<td>End of Chapter Quizzes</td>
<td>25%</td>
</tr>
<tr>
<td>Worksheets</td>
<td>3%</td>
</tr>
</tbody>
</table>

Grade scale (note: there is no rounding to your score in Canvas):

<table>
<thead>
<tr>
<th>Letter</th>
<th>A</th>
<th>A-</th>
<th>B+</th>
<th>B</th>
<th>B-</th>
<th>C+</th>
<th>C</th>
<th>C-</th>
<th>D+</th>
<th>D</th>
<th>D-</th>
<th>E</th>
</tr>
</thead>
<tbody>
<tr>
<td>Cutoff</td>
<td>90.0</td>
<td>87.0</td>
<td>84.0</td>
<td>81.0</td>
<td>78.0</td>
<td>75.0</td>
<td>72.0</td>
<td>69.0</td>
<td>66.0</td>
<td>63.0</td>
<td>60.0</td>
<td>&lt; 60.0</td>
</tr>
</tbody>
</table>

**UNIVERSITY POLICIES**

**UNIVERSITY POLICY ON ACCOMMODATING STUDENTS WITH DISABILITIES**

Students requesting accommodation for disabilities must first register with the Dean of Students Office (http://www.dso.ufl.edu/drc/). The Dean of Students Office will provide documentation to the student
who must then provide this documentation to the instructor when requesting accommodation. You must submit this documentation prior to submitting assignments or taking quizzes or exams. Accommodations are not retroactive, therefore, students should contact the office as soon as possible in the term for which they are seeking accommodations.

**UNIVERSITY POLICY ON ACADEMIC MISCONDUCT**

As a student at the University of Florida, you have committed yourself to uphold the Honor Code, which includes the following pledge: “We, the members of the University of Florida community, pledge to hold ourselves and our peers to the highest standards of honesty and integrity.” You are expected to exhibit behavior consistent with this commitment to the UF academic community, and on all work submitted for credit at the University of Florida. The following pledge is either required or implied: “On my honor, I have neither given nor received unauthorized aid in doing this assignment.” It is assumed that you will complete all work independently in each course unless the instructor provides explicit permission for you to collaborate on course tasks (e.g. assignments, papers, quizzes, exams). Furthermore, as part of your obligation to uphold the Honor Code, you should report any condition that facilitates academic misconduct to appropriate personnel. It is your individual responsibility to know and comply with all university policies and procedures regarding academic integrity and the Student Honor Code. Violations of the Honor Code at the University of Florida will not be tolerated. Violations will be reported to the Dean of Students Office for consideration of disciplinary action. For more information regarding the Student Honor Code, please see: [https://sccr.dso.ufl.edu/policies/student-honor-code-student-conduct-code/](https://sccr.dso.ufl.edu/policies/student-honor-code-student-conduct-code/).”

**U MATTER, WE CARE**

Your well-being is important to the University of Florida. The U Matter, We Care initiative is committed to creating a culture of care on our campus by encouraging members of our community to look out for one another and to reach out for help if a member of our community is in need. If you or a friend is in distress, please contact umatter@ufl.edu so that the U Matter, We Care team can reach out to the student in distress. A nighttime and weekend crisis counselor is available by phone at 352-392-1575. The U Matter, We Care team can help connect students to the many other helping resources available including, but not limited to, Victim Advocates, Housing Staff, and the Counseling and Wellness Center. Please remember that asking for help is a sign of strength. In case of emergency, call 9-1-1.

**FEEDBACK**

Students are expected to provide professional and respectful feedback on the quality of instruction in this course by completing course evaluations online via GatorEvals. Guidance on how to give feedback in a professional and respectful manner is available at [https://gatorevals.aa.ufl.edu/students/](https://gatorevals.aa.ufl.edu/students/). Students will be notified when the evaluation period opens, and can complete evaluations through the email they receive from GatorEvals, in their Canvas course menu under GatorEvals, or via [https://ufl.bluera.com/ufl/](https://ufl.bluera.com/ufl/). Summaries of course evaluation results are available to students at [https://gatorevals.aa.ufl.edu/public-results/](https://gatorevals.aa.ufl.edu/public-results/).

**NETIQUETTE**

All members of the class are expected to follow rules of common courtesy in all email messages, threaded discussions, and chats. [http://teach.ufl.edu/wp-content/uploads/2012/08/NetiquetteGuideforOnlineCourses.pdf](http://teach.ufl.edu/wp-content/uploads/2012/08/NetiquetteGuideforOnlineCourses.pdf)
GETTING HELP

For issues with or technical difficulties with Canvas, contact the UF Help Desk: https://lss.at.ufl.edu/help.shtml; (352)-392-HELP.

Other resources are available at http://www.distance.ufl.edu/getting-help for Counseling and Wellness resources, disability resources, resources for handling student concerns and complaints, and library desk support.

GENERAL EDUCATION

This course satisfies the General Education requirement in the Physical Sciences.

PHYSICAL SCIENCE GENERAL EDUCATION PROGRAM OBJECTIVES

Physical science courses provide instruction in the basic concepts, theories and terms of the scientific method in the context of the physical sciences. Courses focus on major scientific developments and their impacts on society, science and the environment, and the relevant processes that govern physical systems. Students will formulate empirically-testable hypotheses derived from the study of physical processes, apply logical reasoning skills through scientific criticism and argument, and apply techniques of discovery and critical thinking to evaluate outcomes of experiments.

These objectives are accomplished through participation in the course, and individual work done on homework assignments and assessments.

GENERAL EDUCATION STUDENT LEARNING OUTCOMES

<table>
<thead>
<tr>
<th>Area</th>
<th>Institutional Definition</th>
<th>Institutional SLO</th>
</tr>
</thead>
<tbody>
<tr>
<td>CONTENT</td>
<td>Content is knowledge of the concepts, principles, terminology and methodologies used within the discipline.</td>
<td>Students demonstrate competence in the terminology, concepts, methodologies and theories used within the discipline.</td>
</tr>
<tr>
<td>COMMUNICATION</td>
<td>Communication is the development and expression of ideas in written and oral forms.</td>
<td>Students communicate knowledge, ideas, and reasoning clearly and effectively in written or oral forms appropriate to the discipline.</td>
</tr>
<tr>
<td>CRITICAL THINKING</td>
<td>Critical thinking is characterized by the comprehensive analysis of issues, ideas, and evidence before accepting or formulating an opinion or conclusion.</td>
<td>Students analyze information carefully and logically from multiple perspectives, using discipline specific methods, and develop reasoned solutions to problems.</td>
</tr>
</tbody>
</table>

Naturally, all three areas of learning outcomes will be assessed in all categories of graded assignment administered in CHM1020.

SPECIFIC GOALS OF CHM1020

You will be required to analyze scientific concepts and think critically. This means being able to answer both quantitative (mathematical) and conceptual (qualitative) problems in a limited period of time. Additionally, you will have to write and/or orally communicate on discussion assignments, written assignments, and in discussion with your instructor/TA. We will also demonstrate how these topics can be applied to the scientific method and how observation and experimentation leads us to the development of scientific theories. You will be required to utilize the methods of science as a logical means of problem
solving through critical thinking. This means you must analyze information carefully and logically from multiple perspectives, using discipline specific methods, and develop reasoned solutions to problems. To ensure your competency in these concepts you will be required to complete quizzes and assignments that require critical thinking, analysis of problems, and drawing conclusions.

### COURSE LEARNING OUTCOMES

A complete list of student learning outcomes is posted in Canvas.

### WEEKLY SCHEDULE

*The most up to date complete schedule is posted in Canvas. This document may have been updated since posting- check Canvas for details.*

Exams: Exam 1: Sept. 26th-28th; Exam 2: Oct. 30th-Nov. 1st; Exam 3: Dec. 4th-7th

This syllabus represents my current plans and objectives. As we go through the semester, those plans may need to change to enhance the class learning opportunity. Such changes, communicated clearly, are not unusual and should be expected.
