Each progress exam will be worth 100 points, and the final 150 points. There will be no make-up exams.

Each exam will be given a specific grade curve, which will be provided to students when the respective exams are returned. The course curve will be the sum of the exam curves, although Professor Dolbier reserves the right to raise individual grades based upon an individual's "progress" in the course.

Information on current UF grading policies for assigning grade points:

<https://catalog.ufl.edu/ugrad/current/regulations/info/grades.aspx>

Cell phones must be turned off during lecture and during exams.

Any student offense concerning dishonest behavior or cheating will be treated with the utmost severity, within the guidelines of the University. Dr. Dolbier's personal policy is that *any* such offense, no matter how minor, will lead to the student receiving an E in the course.

Students requesting classroom accommodation must first register with the Dean of Students Office. The Dean of Students Office will provide documentation to the student who must then provide this documentation to the Instructor when requesting accommodation.
