

CHM2046 – GENERAL CHEMISTRY II – SUMMER 2019

INSTRUCTORS:

May 13 through June 21	July 1 through August 9
Dr. Martina Sumner E-mail (for administrative purposes): m.sumner@chem.ufl.edu	Dr. Maria Korolev E-mail (for administrative purposes): korolev@chem.ufl.edu
Office Hours	Office Hours
M-F 12:45 to 1:45 pm (Flint #250) M-F 3:00 to 3:30 pm (CLB 130)	M-F 12:45 to 1:45 pm (Flint #251) M-F 3:00 to 3:30 pm (CLB 130)

COURSE SCHEDULE (the lecture schedule is tentative, but exam dates will not change):

Dates	Topics (# of lectures)	Silberberg 8 th Chapters*
May 13	Kinetics (1)	Chapter 16
May 14 - 21	Equilibrium (5)	Chapter 17
May 22 - 30	Organic chemistry (4)	Chapter 15
Friday, May 31	Exam 1	
May 31 – June 10	Acid-Base Equilibria (6)	Chapter 18
June 11 - 20	Ionic Equilibria (5)	Chapter 19
Thursday, June 20	Exam 2	
June 24 - 28	Summer Break	
July 1 - 8	Thermodynamics (4-5)	Chapter 20
July 9 - 16	Electrochemistry (4-5)	Chapter 21
Thursday, July 18	Exam 3	
July 17 - 19	Electrolysis (2)	Chapter 21
July 22 – 26	Coordination Compounds (4)	Chapter 23
July 29 – Aug 2	Nuclear chemistry (4)	Chapter 24
Thursday, August 1	Exam 4	
Aug 2	review	
Thursday, August 8	Final Exam	

*The topics that will be covered from each chapter will be selective and announced in class.

Holidays (no classes): Monday May 27th, June 24th – 28th, Thursday July 4th

LECTURE:

MTRF Period 5 (2 to 3:05 pm) or MTWF Period 6 (3:30 to 4:35) in CLB 130

MATERIALS:

Tophat subscription for in class clicker questions (required).

Silberberg 8th edition recommended (copies of the 8th ed and solution manual are available in the Marston Science library), the ebook will be available for \$45 for 5 years (more info to follow)

DESCRIPTION: CHM 2046 and CHM 2046L constitute the second semester of the two term sequence of General Chemistry, CHM 2045/2045L - 2046/2046L. Prerequisite information and credit suitability can be found in the Undergraduate Catalog. Requirements for class attendance and make-up exams, assignments, and other work in this course are consistent with university policies that can be found at:

<https://catalog.ufl.edu/ugrad/current/regulations/info/attendance.aspx>

COURSE OBJECTIVES: As both a general education requirement and major's course, CHM2046 serves to teach: the scientific method, skills for problem solving, general chemistry knowledge, and a connection to the principles that govern the natural world.

GRADES: Grades for the term will be determined as follows:

4 Progress Exams	64%
Final Cumulative Exam	24%
PLA	4%
HW	4%
Clickers/worksheets	4%
TOTAL	100%

The following grade cutoffs will be used (these are non-negotiable):

92-100% = A	84-87.9% = B+	72-75.9% = C+	64-67.9% = D+	< 56 = E
88-91.9% = A-	80-83.9% = B	68-71.9% = C	60-63.9% = D	
	76-79.9% = B-		56-59.9% = D-	

Information on current UF grading policies for assigning grade points can be found at:

<https://catalog.ufl.edu/ugrad/current/regulations/info/grades.aspx>

POSTED GRADES: Should a student wish to dispute any grade received in this class, the dispute must be in writing (via e-mail to m.sumner@chem.ufl.edu or korolev@chem.ufl.edu) and submitted to the instructor within one week of the grade being posted to canvas. The deadline for grade dispute for Dr. Sumner's half is June 21. After one week has passed from when the grade was posted and the student made aware of the posting of the grade(s) via an announcement on canvas, the instructor considers those grades final.

PRE-LECTURE ASSIGNMENTS (PLA): You will be expected to complete pre-lecture assignments in preparation for each class day. These assignments will be posted on Canvas

under the quizzes tab and will be due prior to class. You will have multiple attempts to successfully answer the pre-lecture assignments. Four percent of the course grade will be based on performance on daily pre-lecture assignments (on Canvas). The 3 lowest scores will be dropped from this category at the end of the semester.

HOMEWORK (HW): Two to four homework assignments will be due a week to help you understand the material. The homework will be posted on Canvas under the quizzes tab and will be due Thursdays and Mondays by 11:59 pm. You will have multiple attempts to successfully answer the questions. Four percent of the course grade will be based on homework assignments (on canvas). The 3 lowest scores will be dropped from this category at the end of the semester.

CLICKERS (TOPHAT): You can earn points in class by correctly answering clicker questions through TopHat. Each class day will be worth an equal number of points. You can only receive credit for participating in the clicker questions from your registered period.

DISCUSSION CLASSES/ WORKSHEETS: The Discussion Classes meet every Wednesday or Thursday and your attendance is expected. A quick review of that week's material will be presented by your TA. You will use the rest of the period to work on worksheet problems. WE suggest you work in groups of 2 or 3 to work those problems. Your discussion section will contain weekly worksheets that will count toward your overall grade. You must go to your assigned discussion section to receive credit for the worksheet. The worksheets will be posted on Canvas in advance and you may start working on it before you come to discussion. Any grade discrepancy needs to be addressed within a week of posting grades to canvas to your TA.

CLICKERS/WORKSHEETS: Four percent of the course grade will be based on in-class clicker questions administered through tophat and weekly discussion worksheets. The 3 lowest scores will be dropped from this category at the end of the semester.

EXAMS: Exams will be administered at night from 7:00pm to 8:30pm. You must use a non-graphing non-programmable scientific calculator on exams (with log, ln, root, and exponent (scientific notation) functions). Be sure to also bring pencils, and your UF ID card. No notes, papers, cell phones or other electronic devices can be in view during exams.

Any and all exam grade disputes or Scantron confirmations must be performed within one week of the scheduled exam date. Bubbling errors will not be negotiated, and a **30 point penalty** will be applied for failure to bubble in a form code, 5 points deducted if your name shows up on the no match list (make sure you bubble in your UF-ID correctly).

Exam Conflict/Absence Policy: No make-up Progress Exams will be given after the regularly scheduled Progress Exam date for any reason. (1) If you know in advance that you must be absent for a Progress Exam or for the Final Exam due to a documented and approved academic or UF athletic conflict or other pre-approved conflict, bring the applicable documentation to me at least one week prior to the scheduled exam, and an early conflict exam will be arranged for

you. Failure to bring documentation and/or obtain one week pre-approval for the early conflict exam will result in your request being denied. (2) If you experience a last-minute unavoidable emergent situation (illness, accident, emergency, etc.) that prevents you from attending an exam, you must do the following: (1) go to the Dean Of Students office and have them confirm your conflict documentation and have them email their confirmation to me, and then you must (2) see me in person as soon as you are no longer ill (no rush – wait until you are well) and/or as soon as you are able to do so. Failure to do these two steps will result in a zero score for the missed exam. (More information regarding this policy can be found in the [General Chemistry Exam Absence Policy](#) found on Canvas.)

Progress Exam "Average/Replace" Policy: (Applies to all students). No Progress Exam scores will be dropped for any reason. However, to help alleviate the stress of potential issues that do not fall under the officially-sanctioned absences described above, and that may affect a Progress Exam score (for example, unapproved exam absence or poor exam performance), the lowest score of the four Progress Exams will be replaced by the average score of all four of the Progress Exam scores: Example (unapproved absence): Exam 1, 70%; Exam 2, 0%; Exam 3, 90%; Exam 4, 80% The Progress Exam 2 score (0%) will be replaced by $\{(70+0+90+80) / 4\} = 60\%$. Example (poor exam performance): Exam 1, 70%; Exam 2, 40%; Exam 3, 90%; Exam 4, 80% The Progress Exam 2 score (40%) will be replaced by $\{(70+40+90+80) / 4\} = 70\%$

CONTACTING THE INSTRUCTOR / OFFICE HOURS: Emails are for administrative purposes only, and not for distance-instruction. All academic inquiries must be made during office hours or before/after lectures (if time permits). If this is not possible, visit the CLC (see below). Please be prepared before coming to office hours, bring specific questions and your previous work.

CHEMISTRY LEARNING CENTER (CLC): There is free help to be had from graduate student teaching assistants in the CLC Monday through Friday in JHH (Hernandez Hall) 105. Your discussion TA will have office hours in the CLC, but you may go there anytime any TA is assigned there to get help on questions pertaining to chemistry. A schedule of the TA schedules will be posted in the corridor outside the CLC and also online. Additionally, there is the teaching center located on the ground floor of Broward Hall, if you'd like to use that resource. Their web site is <http://www.teachingcenter.ufl.edu>.

HONOR CODE: UF students are bound by The Honor Pledge which states, "We, the members of the University of Florida community, pledge to hold ourselves and our peers to the highest standards of honor and integrity by abiding by the Honor Code. On all work submitted for credit by students at the University of Florida, the following pledge is either required or implied: "On my honor, I have neither given nor received unauthorized aid in doing this assignment." The Honor Code (<https://catalog.ufl.edu/ugrad/current/regulations/info/grades.aspx>) specifies a number of behaviors that are in violation of this code and the possible sanctions. Furthermore, you are obligated to report any condition that facilitates academic misconduct to appropriate personnel. If you have any questions or concerns, please consult with the instructor or TAs in this class.

CANVAS (<http://elearning.ufl.edu>): Here you will find the syllabus, gradebook, files, class announcements, and other pertinent info for the course. It is your responsibility to check Canvas often to make sure that you do not miss important announcements and to ensure that your gradebook is accurate. For computer assistance, visit <http://helpdesk.ufl.edu/>.

CLASS DEMEANOR: In order to have an optimal learning environment, the classroom needs to be free of disruptions. Therefore, it is expected that students come to class on time and leave only when class is concluded by the instructor, and that the class is not disrupted by student talking or cell phone noises.

DISABILITIES: Students with disabilities requesting accommodations should first register with the Disability Resource Center (352-392-8565, <http://www.dso.ufl.edu/drc/>) by providing appropriate documentation. Once registered, students will receive an accommodation letter which must be presented to the instructor when requesting accommodation. The student is responsible for scheduling the exam dates with the DRC. Students with disabilities should follow this procedure as early as possible.

U MATTER, WE CARE: Your well-being is important to the University of Florida. The U Matter, We Care initiative is committed to creating a culture of care on our campus by encouraging members of our community to look out for one another and to reach out for help if a member of our community is in need. If you or a friend is in distress, please contact umatter@ufl.edu so that the U Matter, We Care Team can reach out to the student in distress. A nighttime and weekend crisis counselor is available by phone at 352-392-1575. The U Matter, We Care Team can help connect students to the many other helping resources available including, but not limited to, Victim Advocates, Housing staff, and the Counseling and Wellness Center. Please remember that asking for help is a sign of strength. In case of emergency, call 9-1-1.

EVALUATIONS: Students are expected to provide feedback on the quality of instruction in this course by completing online evaluations at <https://evaluations.ufl.edu>. Evaluations are typically open during the last week of the semester, but students will be given specific times when they are open. Summary results of these assessments are available to students at <https://evaluations.ufl.edu/results/>.

GENERAL EDUCATION REQUIREMENTS: This course satisfies the general education program requirements for the physical sciences at the University of Florida. More information regarding the program objectives, student learning outcomes, and specific goals for CHM2045/CHM2046 can be found in the *General Education Program Requirements* document found on Canvas.

DISCLAIMER: This syllabus represents our current plans and objectives. If those need to change as the semester progresses, then the changes will be communicated to the class clearly via announcements in class and on Canvas.
