<b>Seminars</b>	<p>Fridays, Periods 5–6 (11:45 am – 1:00 pm) Zoom Classroom (Meeting ID: 973 4910 8670; Passcode: 6037) <a href="https://ufl.zoom.us/j/97349108670?pwd=NEVJaTBpYlBWRjNRNDV4d2F5Wmk2UT09">https://ufl.zoom.us/j/97349108670?pwd=NEVJaTBpYlBWRjNRNDV4d2F5Wmk2UT09</a></p> <p>Seminars (co-)hosted by other divisions or departments may fall on different days or times with virtual seminars using different Zoom links. Please be aware of these special seminars and attend as usual.</p>
<b>Seminar Schedule</b>	<p>The seminar schedule is available at the course e-Learning site.</p>
<b>Course Objectives</b>	<p>The dissemination of knowledge and the quest to seek out new knowledge are critical to the scientific process and important skills to develop for successful careers both in and outside of scientific research. In this course, students will have the opportunity to attend seminars in the area of Chemical Biology. These seminars will be given by visiting speakers and graduate students qualifying in the Chemical Biology Division. Seminars will cover a broad range of topics related to Chemical Biology. Even when the topic is not close to your research interests, there is always something new to learn, a way to connect with your own interests, and an opportunity to learn new things, both scientifically and professionally.</p> <p>The goals of the course are to broaden students' awareness of cutting-edge research topics, to provide a professional and friendly environment that encourages students to fully participate and ask questions, and to learn and practice how to communicate your own scientific discoveries. Additionally, students have opportunities to interact directly with visiting speakers in smaller group settings.</p>
<b>Flyer Info Submission</b>	<p>Submit the following information to Ms. Stacie Austin (<a href="mailto:staciaustin@chem.ufl.edu">staciaustin@chem.ufl.edu</a>) by 9 am of the Monday prior to your seminar: your <u>name</u>, your <u>lab</u>, a concise seminar <u>title</u>, a <u>photo</u> of yourself. 5<sup>th</sup> year students should also submit a <u>graphical abstract</u>.</p>
<b>Course Resources</b>	<p>There are no required or recommended textbooks for this course. This syllabus, the seminar schedule, and any additional materials will be made available on the course e-Learning site (<a href="http://elearning.ufl.edu">http://elearning.ufl.edu</a>).</p>

**Course Grading**

S/U grades will be assigned based on participation in the course as defined by attendance and satisfactorily completion of the presentation (for students that are assigned to present). Once the seminar schedule is finalized, a presenting student may not switch presentation dates and failure to present on the assigned day will lead to a U grade.

**Class Attendance**

Attendance at seminars is required for every Chemical Biology student, starting in their 2nd year until they graduate. Attendance will be documented by Ms. Stacie Austin when you sign in to the Zoom session. Leaving before the end of the seminar or signing in to the seminar but not viewing the seminar are considered violations to the UF honor code.

**Unexcused absences:** You are allowed up to 2 unexcused absences. If you need to leave before seminars ends, you can delete your signature and consider it one of those unexcused absences.

**Excused absences:** These are planned absences resulting from extenuating circumstance including illness, family-related issues, or time-sensitive experiments. Note: regular experiments Requests to skip a seminar with an excused absence will be reasonably granted provided they are communicated to either Dr. Rudolf or Dr. Eddy via email, with your advisor CCed, by midnight the day before the seminar.

For emergency situations, contact Dr. Rudolf or Dr. Eddy ASAP and we will consider each situation in a case-by-case scenario.

**Zoom Demeanor**

Students are expected to arrive to class on time and behave in a manner that is respectful to the instructor and to fellow students. Opinions, questions, and answers given by other students should be respected in discussion, and conversations that do not contribute to the discussion should be held at minimum, if at all.

**Statement on Online Instruction, Recorded Seminars, and Privacy**

In response to COVID-19, all spring 2021 seminars are held in an online format. Our class sessions may be audio and visually recorded for students in the class to refer back and for enrolled students who are unable to attend live. Students who participate with their camera engaged or utilize a profile image are agreeing to have their video or image recorded. If you are unwilling to consent to have your profile or video image recorded, be sure to keep your camera off and do not use a profile image. Likewise, students who un-mute during class and participate orally are agreeing to have their voices recorded. If you are not willing to consent to have your voice recorded during class, you will need to keep your mute button activated and communicate exclusively using the "chat" feature, which allows students to type questions and comments live. The chat will not be recorded or shared. As in all courses, unauthorized recording and unauthorized sharing of recorded materials is prohibited.

**Academic Honesty**

We, the members of the University of Florida community, pledge to hold ourselves and our peers to the highest standards of honesty and integrity. On all work submitted for credit by students at the University of Florida, the following pledge is either required or implied: “On my honor, I have neither given nor received unauthorized aid in doing this assignment.”

**Students with Disabilities**

Students requesting classroom accommodation must first register with the Dean of Students Office. The Dean of Students Office will provide documentation to the student who must then provide this documentation to the Instructor when requesting accommodation.

**Additional Information**

Your well-being is important to the University of Florida. The *U Matter, We Care* initiative is committed to creating a culture of care on our campus by encouraging members of our community to look out for one another and to reach out for help if a member of our community is in need. If you or a friend is in distress, please contact [umatter@ufl.edu](mailto:umatter@ufl.edu) so that the *U Matter, We Care* Team can reach out to the student in distress. A nighttime and weekend crisis counselor is available by phone at 352.392.1575. The *U Matter, We Care* Team can help connect students to the many other helping resources available including, but not limited to, Victim Advocates, Housing staff, and the Counseling and Wellness Center. Please remember that asking for help is a sign of strength. In case of emergency, call 9-1-1.
